SPECIFICATIONS:

The intent of this contract is to establish prices for the purchase and delivery of items listed. The evaluation of the product offered and the determination of the lowest responsive and responsible bidder will be the sole responsibility of the Purchasing Division after consultation with the using agency. Re-stocking charges will not be paid by the City of Baton Rouge Parish of East Baton Rouge.

The contract has been divided into various categories. Vendors must bid all items in a category to be considered for the award of the category, except for the miscellaneous category. Miscellaneous items may be awarded on an individual low bid basis.

Vendors who cannot bid on all items in a category must file an exception report with their bid. This report should give complete details about the items in question. The Purchasing Division of the City of Baton Rouge does reserve the right to remove an item and place it in the miscellaneous section if the situation warrants. If a vendor does file an exception report he is still to provide a category total and note in the total summary pages the item(s) he has omitted.

Brand names, when given, are used to denote quality standards. Bids may be submitted on equivalent products. If the bid indicates "Brand Bid" the brand must be specified or the item may be considered non-responsive.

Vendors bidding equivalent products may be requested to submit samples to the City Parish for examination and inspection by the Purchasing Division or its authorized representative, samples must be submitted within seven (7) days after the request or such.
